# Hydra Spyder

Cool Amphibious Manufacturers International LLC is now presenting the **HYDRA SPYDER** for public display and demonstrations. This an amphibious vehicle that can travel on both the water or on the road. It is also **unsinkable**. This vehicle contains positive floatation foam approved by the United States Coast Guard for our amphibious vehicles. Positive buoyancy is assured.

The Hydra Spyder can seat four (4) people, and it will easily pull a water skier. With the 400 h.p. engine the performance of the Hydra Spyder is unparalleled. We are completely prepared for full production on these amphibious vehicles. Build time will be approximately 6 months, (delivery time will depend on preceding orders).
